

Seeds of Tomorrow Inc.

EDUCATE | ENHANCE | EMPLOY

ALTERNATE INTERIM PLACEMENT SERVICES

Seeds of Tomorrow Alternate Interim Placement Services are specifically designed for both identified and non-identified special education students grades 6 – 12 who require an alternate placement. These students may be:

- Suspended from their regular school
- Awaiting placement in another program
- Awaiting an evaluation to determine special education eligibility

At Seeds of Tomorrow, students receive instruction from certified special education teachers and professional staff, with additional supports as needed. These supports include classes for credit, general education support, special education support, counseling, and speech and language services. This way, students continue to earn credits toward graduation and increase their skills. Students in the program participate in a blended learning environment where they receive a combination of online and classroom-based instruction. Our flipped classroom model ensures students spend more time engaged and learning. Our programs include:

- **Specialized Instruction Using Seeds of Tomorrow’s Curriculum-** Our fundamental program includes 20 hours per week of specialized instruction with up to 7 classes for credit and 5 hours of engagement activities in the form of recreation, community service, or additional student supports. Students who enroll in 13 or more hours of services per week are considered full-time; fewer than 13 hours per week, part-time.
 - Full-Time Special Education Services- \$35 per hour for 4 hours per day/ \$140 per day
 - Part-Time Special Education Services- \$47 per hour for 4 hours per day/ \$192 per day
- **Specialized Instruction Using Sending School’s Curriculum-** We strongly encourage students to participate in Seeds of Tomorrow’s online curriculum and flipped classroom for best results. However, if the sending school would prefer that the student complete its specific curriculum, the following rates apply:
 - Full-Time Specialized Instruction- \$55 per hour for 12 hours or more per week
 - Part-Time Specialized Instruction- \$60 per hour for fewer than 12 hours per week
- **Reading and Math Bootcamp-** Any student performing at a third grade level or below in reading and math will receive Wilson Reading and Touch Math services. Students receive a half-day of intensive reading, math and life skills in addition to taking classes for credit.
 - Reading and Math Bootcamp Program- \$55 per hour for 4 hours per day/ \$220 per day
- **In-Home Instruction-** Students unable to receive direct instruction at our tutoring center can receive special education services in their homes. Students can complete work from the sending school or use Seeds of Tomorrow’s online curriculum. For those students using our online curriculum who do not have internet access or a computer, we will provide a laptop computer and internet access after we receive a deposit from the school or family.
 - In-Home Special Education Services- \$65 per hour
- **Related Services*-** Seeds of Tomorrow provides the following related services at our learning center:
 - Speech and Language Services- \$110 per hour
 - Counseling Services- \$100 per hour

**Related services are offered based on availability. For those students in need of additional related services, the sending school’s related services staff are welcome to provide services at Seeds of Tomorrow.*
